

## A4 Workgroup MFPs and Printers

**Document Solutions** 

# Simply smarter and more secure.

## Easily and safely create, access and share business information – wherever you are and whatever your needs.

Sharp's expanded range of colour and black & white A4 workgroup Multi-Functional Printers (MFPs) and Printers offers intuitive ease-of-use, intelligent connectivity and effortless mobility. They act as a reliable, high-speed, high-quality and secure information hub that can grow with your business.

Designed to make life easier, every model features an enhanced feature set and smart functionality, including touchscreens and Sharp's award-winning Easy User Interface (UI). So you save time and effort when completing tasks and work more flexibly and productively.

In addition, you can quickly access and share documents anytime and anywhere, as our MFPs and Printers easily integrate with existing network applications and public cloud services, including box and Dropbox\*. Your valuable information is always robustly protected by the in built security feature set. Meaning that you comply with security regulations, such as General Data Protection Regulation (GDPR).

\* provisionally available q4 2020

A variety of high-efficiency features also help you reduce running costs and protect the environment. For example, you can save paper and toner with double-sided printing. And you can choose the most from a selection of environmentally friendly settings.

Security is an ever increasing area of concern for Businesses and whether in the office or working at home you can be confident that Sharp offers robust security features that keep your documents and device secure:

### Keeping your data safer

- Memory and Job status Clearance, on demand, so all scans and print information can be safely erased.
- AES 256 bit Data encryption and also the ability to encrypt PDF documents.
- Advanced network encryption using IPsec and SSL protocols keeps your information secure
- Users of your devices can be authenticated using a variety of methods, including card readers, PINs or passwords, to suit your preferred security protocols. Once users are authenticated, the connection to your network is fully secure
- Data initialisation totally erases any retained data when it's time to replace the MFP or Printer.

## Work smarter, not harder.

Simply get more done in less time with effortless ease-of-use, performance enhancing functionality and a host of time saving features.

### A touch simpler

Our devices feature an LCD touchscreen control panel with Sharp's award-winning Easy UI, which provides an intuitive display and easy access to commonly used functions. Quick touch for Easy copy, Easy scan, Easy Fax\* makes navigation of the device simple or if required move into the advanced options for a variety of enhanced choices.

Sharp's award-winning user interface - designed to make life easier.

### The perfect finish

Give your documents a truly professional look with a range of finishing and preview functions.

You can flexibly handle a variety of media, including cardstock, small media and envelopes, from the main tray or the multi-bypass tray. And you can choose from a compact in-line staple finisher or a professional finisher with multi-position stapling and hole punch.

### Consistently high quality

Our MFPs and Printers can produce up to 1200 x 1200dpi quality documents with accurate colours and fine text definition.

Text and graphics on documents from any application are accurately reproduced using Adobe PostScript® 3™\*. Maintaining consistent image quality from the first to the last page. Functions such as sharpness adjustment and auto askew ensure that all documents are perfect quality first time around, avoiding costly reprints and wasted time.

### Flexibility as standard

With speeds ranging from 33 up to 66ppm and the ability to handle weights up to 300gsm\*, as well as a range of paper handling and finishing options, there's an MFP or Printer to suit your needs.

The models are equipped with enhanced productivity features, such as the ability to feed multiple envelopes from the standard or bypass paper drawer.

Easy to configure paper trays allow you to maximise the machines potential, dependent upon your requirements, whilst maintaining that compact feel.

### Quick printing and scanning

What could be easier than walking up to your device and printing whatever you want without even logging into your PC? Simply insert a USB memory stick in the MFP/Printer and immediately access and print images and Microsoft® Office files. You can also scan and save documents straight to the USB stick.

### Easy document capture

Rather than having to retype documents when you only have a hard copy, you can use Optical Character Recognition (OCR)\* to scan and capture them in various digital formats, including fully searchable PDFs and editable Microsoft® Office files.

\* Not available on all models, please see individual product specification for details.

## Connections made easy.

Effortless connectivity means you can print, copy, scan and share the information you need quickly and efficiently wherever you're working.

### Work anywhere, on anything

When you have to connect to a wired network you can't always work when, where and how you want. With wireless LAN connectivity<sup>⁴</sup> you can locate your printers wherever they're needed most, but you also have the flexibility to quickly connect and use them

### One simple sign on

There's no need to remember additional usernames and passwords. Instead, you can quickly access public cloud services using Single Sign On (SSO). It lets you securely print and store information using Google Drive™, OneDrive® for Business, SharePoint® Online, box, Dropbox with just one log in from the control panel.

### Made for mobility

You'll love how fast and hassle-free printing from a mobile device is. You can link to the MFP/Printer in seconds by simply holding it over the Near Field Communication (NFC) card reader\*1\*2 or by scanning the device's QR code\*1\*3. Either way, it configures everything for you.

You can then print from and scan to mobiles and tablets over your wireless network or print from any app that supports AirPrint.

- <sup>1</sup> Provisionally available from q4 2020
- \*2 For Android devices. \*3 For both iOS and Android devices.

## Transforming the way you work.

Our range of A4 colour and black & white MFPs and Printers are designed to improve the productivity and efficiency of businesses of all sizes.

From desktop size to floor-standing workgroup size, our full range of models can satisfy the needs of almost any business and any budget:

Workgroup Essential: Compact and affordable MFPs and Printers with a range of advanced performance and security features.

Workgroup Office: Scalable MFPs and Printers offering the functionality and flexibility to maximise efficiency and productivity.

Workgroup Advanced: Fast, reliable and powerful network MFPs and Printers that are feature rich and easy to use and access,

anytime and anywhere.

Easily check to see which models best suit your particular needs using our range of intuitive feature icons:

## Workgroup Essential

This compact MFP delivers all the speed and efficiency benefits you'd expect from a larger device, but is small enough to be used wherever you need. As well as a modern design and space-efficient modular configuration, we've also included robust security features that keep your documents and devices secure. These devices will suit any work environment, whether you need a desktop or a floor-standing configuration or want to create colour or black & white documents.

#### MX-C357F

A colour LCD touchscreen that can tilt for easy viewing and the intuitive Easy UI ensures that everything, from everyday functions to the most complex processes, is made much simpler. And you can send scanned documents to a cloud repository of your choice and retrieve them whenever you want. In addition, robust security features ensure that your data is secure and compliant at all times.

Featuring ethernet, USB, mobile or wireless connectivity, this colour MFP will fit perfectly into any modern business environment, and its small footprint means you can place it almost anywhere in the office.

With a paper capacity that can grow to 1,451 sheets you can produce professional colour output in-house on a flexible range of media, such as cardstock, small media and envelopes, from the main tray or a convenient single-sheet feeder.

## Workgroup Office

These space-saving, colour and black & white MFPs and Printers provide the high-speed, easy-to-use functionality and productivity-enhancing tools you need to do much more in much less time. Robust security ensures that your data is always safe, while expandable and flexible configurations mean that they can support the needs of even the most demanding of business environments.

### MX-C507F/MX-C407F/MX-C507P/MX-C407P

These colour MFPs and Printers provide the speed to enhance productivity combined with the functionality and reliability you need to work more efficiently. With the ability to print a single colour page in as little as 6 seconds, you can power through complex print jobs, even with large, high-resolution photos and graphics. And convenient direct printing from USB drives, network drives or cloud repositories saves you even more time.

Digital workflows and paper documents won't slow you down either. The MFPs (MX-C507F/MX-C407F) can scan up to 56ipm and feature a powerful quad-core processor, so your information is captured and made available to you and your network applications fast.

## Workgroup Advanced

These professional colour and black & white MFPs and Printers are feature rich, secure, high-performance, reliable devices for the most demanding of office environments. They will seamlessly fit into any busy workflow, so you can quickly boost your productivity and efficiency.

### MX-C607F/MX-C557F

With print speeds of up to 57ppm and scan speeds of 114ipm these colour MFPs are perfect for the most demanding of workgroups, ensuring that your data is printed or captured and shared to your network applications fast.

Their true  $1200 \times 1200$  dpi colour print quality delivers outstanding professional results. You can print on different media types up to 300gsm, enabling you to produce a wide variety of high-quality documents in-house – especially if you attach one of the finishers with stapling and hole punch capabilities. And a 10" LCD touchscreen with the Sharp Easy UI makes them really easy-to-use for everyone, while also giving secure and easy access to workflow applications.

#### MX-C607P

Fast and flexible, this colour printer delivers top quality output. You can choose from a range of configurations designed to suit any workgroup, and print and connect from anywhere on any kind of device using the optional wireless or NFC interface. With robust security features you can be sure your data is always secure. And long-life consumables and a huge paper capacity of up to 4,500 sheets mean that user interventions are kept to a minimum.

#### MX-B707F/MX-B557F

With superfast printing of up to 66ppm and high-speed scanning of up to 144ipm, these A4 MFPs deliver every time. Multiple expandable configuration options with stapling, hole punching and stacking, combined with the need for minimal user interventions make them ideal for the most demanding of environments. A 10" LCD touchscreen with the Sharp Easy UI also ensures ease-of-use and effortless connectivity to workflow applications. With their robust security you can also rest assured that your data is safe.

#### MX-B707P/MX-B557P

Get the documents you need when you need them with print speeds of up to 66ppm and a powerful and reliable performance. These black & white printers also have a paper capacity of up to 4,400 sheets and options such as stacking, hole punching and stapling. So they need little user intervention but will significantly boost the productivity of large workgroups, while also keeping your data safe with robust security.

## Welcome to Sharp

Sharp Business Systems UK Plc, a division of Sharp Electronics Europe, offers a comprehensive portfolio of award-winning document management and display solutions to help organisations transform the way they engage with information. Sharp's industry-leading MFPs and high-volume systems sit at the heart of integrated applications for digital transformation.

Sharp's proprietary Open Systems Architecture (OSA) technology transforms MFPs into powerful information portals, seamlessly integrating to the cloud and third-party business applications.

By facilitating the transition to new equipment, methods and processes, Sharp Optimised Managed Services help improve how businesses interact with information through enhanced digital workflows and more collaborative working.

Sharp also offer a range of display solutions that include video walls for immersive entertainment, digital signage and innovative interactive touchscreens for engaging presentations.

Our mission is to help our customers create their own workplace of the future. Our passion is to get to the heart and goals of our customers' businesses and people. Our products and services will continue to evolve, keeping pace with a rapidly changing world and workplace. We are committed to meeting and exceeding your needs, now and into the future.
